Democratic Leaders Announce Special Session on Real Estate Conveyance Tax

General Assembly leaders Sen. Don Williams and Speaker Jim Amann have just said that they will hold a Special Session, probably in June, to extend the present rates of the municipal real estate conveyance tax.

As CCM had reported, the bill to extend the tax had been caught in budget wrangling between the party caucuses, making it difficult for it to be brought up.

CCM will provide more information as it becomes available.
